DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with **James L. Katz** on **July 21, 2005**.

The application has been amended as follows:

IN THE CLAIM

- A.** Claim 1 line 3, **delete** "are determined".
- B.** Claim 1 line 5, **replace phrase** "assuming fixed values between the weights for" **to** "assuming the fixed values between a subset of the weights values for...".
- C.** Claim 1, line 7, **replace phrase** "determining the remaining weight values by....." **to** "determining the remaining ratio of the weight values by....".
- D.** Claims 10, 12 and 13, **replace** "The method of claim 8" **to** "The method of claim 9".
- E.** Claim 15, page 20, line 4, **delete** "s" after "ratio".
- F.** Claim 20, line 2, **replace** "a control unit" **to** "the control unit".

Art Unit: 2819

Allowable Subject Matter

2. Claims 1-20 are allowed.

3. The following is an examiner's statement of reasons for allowance: in combination with other limitations of the claim, the prior art fails to teach or suggest a method / an apparatus of calibrating A/D or D/A converters with a weighted network, comprising: assuming fixed values between a subset of the weights for one or more ratios between the weight values of two weights; and determining the remaining ratio of the weight values by determining and solving the equations with the fixed values of the ratios as called for in claims 1 and 15. Therefore, claims 1-20 are presently allowed.

Conclusion

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to John B. Nguyen whose telephone number is (571) 271-1808. The examiner can normally be reached on 8AM-4:30 PM M-F.
